BRAND PROMISE

BETTER DESIGN. DESIGN I LIKE

It's amazing how our perfect choice of product design can have an impact on the overall ambience of our bathroom. Everything at home reflects us. So why not make a lasting impression?

BETTER USE OF SPACE. SPACE I ENJOY

The feeling of space in my bathroom is achieved by my space-saving bathroom fixtures choices. I create and enjoy a balance in my bathroom layout so I have all that I need including that much-desired spacious bath experience.

BETTER VALUE. BETTER VALUE WE DESERVE

COOL's promise is as simple as its brand name. To bring into our home impressive designs of bathroom fixtures while keeping in mind that our budget also needs to take care of other family needs.

COMPLETE CHOICES. COMPLETE CHOICES I HAVE

We can be assured of a complete COOL Bath System set-up that reflects living life in a simple but satisfying household.

RELIABLE QUALITY.

COOL Bath System assures us of dependable product quality so time spent checking parts we don't see that prevents us from attending to other family needs is prevented.

Reliable Quality Products

Need Not Be Expensive

Certified Quality Products

As part of our commitment, we will continue to bring quality sanitary products in the market compliant to the required test and procedures of the Philippine National Standards.

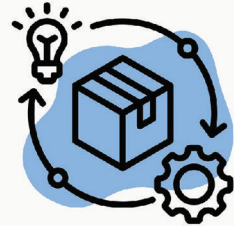

Quality Inspection

Since quality is our outmost concern, we require strict product quality checking of items in our factory.

Research & Development

Our own research and development team never stops studying market trends and end-user's insight as our guide in choosing the right products.

Better Value You Deserve

Cool Bath System offers great deals and bundles all year round so you won't have to wait for a discount season.

Project Reference

Through the years, we have received thousands of inspiring feedbacks from people who chose Cool Bath System for their bathroom needs. Our relationship with the customers helps us to be bettering providing their desired bathroom set-ups.

Your guide to the **ICON LEGENDS:**

GlazeProtect - A nanotechnology which seals the microscopic pores of the ceramic surface and makes it difficult for dirt and bacteria to settle on the surface.

High Efficiency Toilet - Full flush is 4.9, 4.8, or 4.5 LPF, half is 3 LPF. You can flush less water than regular dual flush water consumption.

Dual Flush - Water saving! Simply gives you the option to use full flush or half.

Rimless - A type of toilet without rims making it simpler to clean.

In **siphonic toilets**, waste is washed away by the action of siphonic suction of flushing water out of a trapway.

In **washdown toilets**, waste is simply pushed by free flowing water out of the trapway.

Soft close seat & Cover - The seat and lid utilize a soft close hinge system, which lowers the seat down to the bowl gently & quietly.

Urea-Formaldehyde Soft close seat & Cover, a high quality material that is unscratchable and aesthetically looks like ceramic.

Stainless Steel Hinges offer an easy installation and maintenance. It is highly durable and long lasting.

Improved Rimless - an improved rim toilet were No more hard to reach surfaces to clean.

Roughing-in, The distance of the plumbing connection to the finished wall.

Slimline - A washbasin that is made with highly purified raw materials. It has a 5mm thick rim. It is lighter and more resilient than a regular washbasin.
